A Republican Machine

The Republican machine is taking advantage of the Franklin privileges by sending out a lot of campaign stuff that ought to be paid out of the Republican campaign fund.

This country is flooded with an extract of a speech said to have been made in March; by Henry T. Bannan in congress. It is sent out marked "Part of Congressional Record; Free"; with Representative Loudenslager's name on the corner. The cards bear no postmarks; but were mailed in the Dothan postoffice. Don't know whether it has a right to be mailed this way or not; but if it is admitted that way; it is an advantage the republican party has.

The text of this article is marked: "Under the Democratic system the Wages were Paid to the Foreigner; Under the Republican System; to the American". Then goes on an article on wool. Houston County has never broken a record on made one on raising wool. Few people have sheep. Many grown people in this section never saw a dozen sheep in in one bunch.

It is merely an excuse to get Republican campaign matter scattered among the voters in Houston county. By doing this more spokes are put in the republican wheel.

We don't need any more spokes in the wheel. As we have said before, the Republican party in Houston county is just the right size right now, to make a pretty running piece of machinery. The more spokes in the wheel, the more jobs the people will expect. Who will get them? Those leaders of the party only.

It is well enough to have an active Republican organization, doing just work enough to keep things fanned up to attract attention when the man comes around with jobs on a waiter.

The party is getting so active in this section though till a general impression has gone out that a man cannot hold his job as a mail carrier, as a railway clerk, unless he holds his tongue about politics; or indeed affiliates with the Republican party.

There are some in this county who have been reared on Democratic doctrines, and Democratic principles, who are weak-kneed Democrats, in times of peace; and weak kneed Republicans when the jobs are being passed.

It is alright for a man or woman too, as to that matter; to belong to the Republican party; but they should come out in the open. We can never do much in any kind of a fight, unless we know who we have to fight.

As long as the Republican party is in power, just that long will that party insist that a negro and a white man looks exactly alike to it. When a Southern white man affiliates with the party, he says by his acts that this principle is right. That's the only thing that keeps two platforms when the whole matter is sifted down.

The South will never stand for equality. The North doesn't either but pretends to, in order to get the negro votes. It is no more a friend to the negro than the South is—not as much, as every thoughtful Southern negro knows. It is merely the game, or part of it.

The point is this: when a man affiliates with the Republican party, he shouldn't be in line for political favors from the hands of the Democratic party. To the victor belongs the spoils, and we had no objections whatever, when every Democrat was kicked out of any office that might be as well filled by a Republican. But the man who expects favors from both parties, is a mere scavenger following after the camps for crumbs that might fall from either side.

The man who announces, boldly, that his politics is Republican is a brave man, and one whose rights and privileges are to be respected. The man who stands for Democracy and its principles is to be respected, and should be kicked out of any Republican gathering.

Should Bryan be elected this time, and many wise men believe his chances are growing stronger every day, then you will see more young bloods in this section, who have been running with the hare and hounds, come tripping back to the fold, with the innocent air; than has ever been assembled in one drove before. They will forget about talking for Taft, working for Taft, handing out Taft literature on the quiet.

All we want is to get each voter placed. If he belongs on our side, we ought to know it. If on the other side, the sooner we know it the better.

The Republican organization in this county, or any other county in the state of Alabama, is not expected by their bosses to do more than beat the tom-tom, and keep up an organization. The leaders know that Alabama is Democratic, and always will be.

It is good enough to have a nice, decent, Republican to hold the good post-office jobs, the good jobs coming out of the federal court; from the revenue departments, but those places are well filled, by men we all like. They are home men, in most cases; and we think none the less of them. We hate to see a surplus. Good votes brown away. What would thirty per cent of the Republican vote amount to in Houston County, presuming that such a big crowd would vote the Taft ticket? Our desire is to see no more Republican votes cast in Houston county than is absolutely necessary to maintain the organization, making those boys eligible for their jobs next time, providing the Republican party is successful in November, which is not at all assured.

NOTICE

STATE OF ALABAMA COUNTY OF HOUSTON.

Notice is hereby given that an election will be held in the various precincts of Houston County, Alabama, on Tuesday, the third day of November, 1908, for the election of electors for President of the United States, Vice-President of the United States, a Representative of Congress from the third Congressional District of Alabama, two Associate Justices for the Supreme Court of the State of Alabama, a Game and Fish Commissioner for the State of Alabama, a President of the Rail Road Commission of the State of Alabama, a Chancellor for the Southeastern Chancery Division of Alabama, and a Coroner, Tax-assessor, a Tax-Collector, a Superintendent of Education, a County Treasurer, four County Commissioners, two Justices of the Peace and one Constable from each precinct of said County of Houston, Alabama.

And at said election the following Constitutional amendments shall be voted on:

An amendment to the Constitution of the State of Alabama for the purpose of providing for the formation and establishing of new counties out of portions of one or more counties as may be desired.

An amendment to Section 93, Article 4 of the Constitution so as to provide that the State may, under appropriate laws, cause the net proceeds from the State convict funds to be applied to the construction, repair and maintenance of public roads of the State, and allow the Legislature to make additional appropriations for that purpose.

And also an amendment to Section 48 and 46 of Article 4 of the Constitution so as to provide for biennial sessions of the Legislature.

This the 2nd day of Oct. 1908

Small Blaze.

A three room empty house, on south St. Andrews street was burned down this morning about 4 o'clock. The house was owned by Mr. Wm. Merritt.

The fire department answered the alarm but as the house was out of reach of water, they could render no service. We could not learn whether or not there was any insurance of the property.

Died Suddenly

Mr. Lud Turner, who was taken suddenly ill last evening, died this afternoon about 1:30.

He was night watchman for the Central Ice Co., and leaves a wife and eight children, two girls and six boys.

W. H. Crawford, of Panama City is in town for a few days.

Good Roads.

When you see a new automobile come into your midst, as the "Bingville Bugle" would say, you may be assured that its owner is a good roads advocate. The more horseless carriages we have the sooner we will see good roads in Houston County. Let every man talk for better roads until we see them in reality.

Honest Paint and Honest Measure

IN these days of counterfeits, adulterations and substitutions a man can't be too careful in buying such a commodity as paint. The ingredients of liquid paint and the processes of making it are a "closed book" to the average man, and the temptation to make big profits on most inferior grades has proven too strong for some manufacturers.

Would you know at sight whether the can contained the full U. S. Standard measure?

Be assured of full value by getting Lowe Brothers "High Standard" Liquid Paint. Its reputation is known. For thirty-five years Lowe Brothers have been making Paint as well as they knew—and ever looking for a way to make it better. Believing that best paint could be made only from best materials, no other materials are used in their mills.

They use the most highly perfected machinery and employ only workers of skill and experience in paint manufacture.

"High Standard" Liquid Paint wears and retains its look of freshness and newness much longer than ordinary paints; it covers a greater surface to the gallon, and spreads more evenly over that surface. It is made to give full satisfaction—and it does.

Buy a gallon can of Lowe Brothers "High Standard" Liquid Paint and it contains one full gallon; if a pint can, it has one full pint—government measure. This is the Lowe way, and there are no exceptions to it.

Just as dependable as "High Standard"

Liquid Paint are Lowe Brothers Varnishes and Enamels, for exterior or interior finish. Quick, hard Drying Floor Paint, a Varnish paint of great durability.

They are the best values to be had. Let us make suggestions for your color combinations. Ask for Booklets and Color Cards. See sample panels.

Fair tonight, and cooler in eastern portions. Saturday, fair.

The strained glass liar is a new term applied to practical politics.

Only a few more days for the mosquito to get in his low work.

So long as the Dothan dwellings are occupied, we ought to be satisfied with the town's growth. Several are going up all along.

Some one says Foraker may raise a "note of alarm." Looks like he could have paid it long ago.

Experts are to get on to Thaw again. Maybe they'll hanz him.

President Roosevelt considers it unnecessary to take the stump. His friends consider it unsafe.

If this thing on Longworth keeps going the first thing he knows the hair restorer people wont offer him much for advertising purposes.

Wonder if we couldn't swap Tom Watson off to the Republican party, and just let them keep whatever might be coming to us in exchange?

Old soldiers and their widows have been drawing pensions a long time, but a man broke the record the other day by carrying back to the pension department, over a thousand dollars he said he never should have drawn.

The report is not true that the Atlanta Journal failed to state whether Joe Brown was elected governor of Georgia the other day. We found it, by the aid of a powerful magnifying glass, the kind the Journal used in searching for the good qualities of Brown a few months ago.

Atlanta claims to have had a successful horse show, and all the prize winners whose pictures got in the papers, had their tails docked like a bob-tailed bulldog. Any horse lover who awards a blue ribbon to the owner of a docked tailed horse, isn't much of a judge of a horse, and we think a man who will dock his horse's tail ought to be hamstrung.

If a man's business is moving along nicely all the time, he hasn't but little room to grumble. That is not a sufficient test of his manhood. It takes reverses, to show what a man is made of. See him in prosperous times, and see him in times of panic, when everything is going wrong, and then if he holds his head up, and takes his medicine like a man, the chances are he is.

It is a terrible thing for a man to get his thinker clogged to the balking point. When a man must write a certain amount each day, or leave the space blank, he naturally writes a lot of rot. May write a lot of it, when their thinker is working, but the best of us run out occasionally, and get out a paper about the limit.

Rosewater's Bee

A man lives in Omaha by the name of Rosewater. A nice sweet sounding name, a name that must have been selected after a thorough examination of all the sweet sounding names in the name catalog.

Mr. Rosewater is a republican, a prominent Republican at that. He is called a shining light in the Republican camp; and a man that is held up as an example to aspiring youth. He has a prominent part in the Republican Publicity Bureau, and wrote most of the copy for the bunch to distribute. Possibly the Committee selected him on account of that name, which could go on the printing matter sent into the woman suffrage states.

Mr. Rosewater also owns and operates, when he's in town; a very influential Republican paper; called the Bee in order to make it and his name work well together. Then everybody knows how the Bee got stung the other day while the editor in chief was attending to an urgent Republican call in Chicago. The young man left in charge of the editorial department was possibly being cussed and bully ragged by the fore man constantly crying for copy.

He discovered something that looked a shame to his keen editorial eye. "What he saw was the advertisement plank he ever heard of being used in any platform; Republican or Democratic. This plank needed ripping up. He told what a disgrace it was to the American people; and told the truth; he knew not how well.

He saw that Bryan had quoted it; and took it to be a creation of Bryan's that it wasn't. Bryan had only referred to it to show how rotten it was. The young editor had orders we suppose to assault anything Bryan favored; and didn't propose to let such a piece of art go by him without taking a shot at it. The young fellow put up one of the finest arguments against this crack plank of the Trust party that had ever been written west of the Mississippi valley. He shot it full of holes. Then he went home and to bed.

His rival paper the World Herald woke him up. His attention was also called to the error by Victor Rosewater; also Mr. Bryan handed him a compliment, and told him he said nothing about that plank that was the God's truth but that it was a shame to accuse him of writing it; or standing for it; and he thought he ought to apologise.

Everybody felt sorry for the young editorial writer; even the Democrats and should he lose his job on the Bee; he can find one on a Democratic paper; if he handles the Republican platform as he did this plank.

Bryan and Taft sat at the same table the other night, and never mentioned politics, stabbed each other, nor got drunk, being the very tamest kind of a meeting.

The St. Louis Times offers \$1,000 for the first aviator who flies his aeroplane from Chicago to that city. That's nothing but a cheap lot of advertising, and we hereby offer a like amount to any navigator of the air—if that's what an aviator is—if he will carry us one hundred miles in his air ship, without being hog-tied, gagged, blindfolded, and unconscious. Come on with your riffin.

The farmers of this section will please take particular notice of the price they are getting for their cotton. At one time, when we had cheap cotton, Cleveland's administration was cussed for it. This is a Republican administration, and the price of cotton hangs all around eight cents, and wont get away from it. The conditions that might effect the price of cotton were brought on while the Republicans held the reins. Bryan cannot be said to have anything to do with it. Cleveland had nothing to do with it, because he's dead. Died before cotton went off so low.

We are fortunate here in Dothan, and Houston county, in not having any girls rich enough to want to go across the water and look over the bargain list of nobility. We would like to see how these Dothan people would treat a real lord, fresh from the poker rooms of Europe.

I will rent 5 rooms of the house I live in, on Headland Ave.

Having learned that Mr. Meade has assumed control of the moving picture show in Dothan, Ala. I certify with pleasure that if Mr. Meade conducts the entertainments in Dothan like he has in Bainbridge the public will find no place for criticism. So far as my personal knowledge goes, together with what I have heard others say the moving picture entertainments given by Mr. Meade in Bainbridge have been of such a clean, high class order that they have had the support of the very best citizens of the place.

A Georgia preacher got up a breach of promise suit in the sum of \$10,000, and he a preacher, which is the news value of the report.

The woman in the case seemed to misunderstand the preacher, of his meaning, and when she came right to the point, and demand that he marry her instantly and take her home as his wife, he hemmed and hawed, and scraped the ground with his foot, but told her the truth. He told her that he didn't want to die till the good Lord got ready for him, but that he would cheerfully die before he would marry her under any circumstances and be glad of such a means of escape.

The woman got offended at his apparent coldness, and told him with some feeling, that if he felt that way about it, she, personally didn't give a two em dash what became of her anyway.

And this business seems good for at least a couple of months. These Dothan merchants are hungry to tell the daily readers about their wares, and we are willing to aid and abet them.

When a doctor prescribes for you and folds the one dollar bill to fit his watch pocket, he'd rather you'd take his medicine, but it is not compulsory, like vaccination. Neither is the reading of this paper compulsory, but the paying

a person feels a different kind of an interest in a piece of property that is costing him real money.

People are coming to Dothan every day or so. Meet them; greet them.

Success comes sometimes just as the last hope puts on its things to hurry away.

The happiest people in the world are those who haven't got what they want, but expect to.

Which set of a horse's legs is straightened out first when he goes to rise? And the cow's?

The practice, set by Southern ers for lynching negro men for assaults on white women has spread over the entire country. At Los Angeles, Cal., Monday several persons were seriously hurt in court while attempting to lynch a negro for assaulting Miss Edith Ralster, a concert singer, during the trial of the case. The negro was spirited away while the row was on, and going before another judge, plead guilty and received a life sentence.

The Old Soldiers.

The old soldiers who fought for the cause of the South in the late sixties, assembled in Dothan today in one of their regular meetings. In looking over the lot we find them growing old and feeble, for it has been 43 years since the close of that struggle. The State of Alabama gives to these old men a small pension, and every patriotic citizen in the state would be glad to see this amount doubled and we hope to soon see this done.

Mr. Floyd McCarty has been appointed clerk to run on the mail car soon to be put on between Dothan and Panama City. The service will begin perhaps not later than the middle of the month.

Camp Bartow of the old confederate soldiers, held their regular quarterly meeting in the court house today, and attended to such business as came before it. A rather good sized crowd was present.

Dr. J. T. Fowler went to Shorterville this week to see his brother's wife, who is seriously ill.

E. C. Bunker went to Troy Sunday.

From Wednesday's Daily.

F. C. Baker went to Abbeville this morning.

Not a case docketed the first day, is the record of the new administration.

J. G. Mann, of route 3, was in yesterday to pay for the weekly.

Mrs. C. A. Faircloth, Misses Bertha and Mayme Faircloth, left today for a visit to Panama City.

C. B. Stevens, manager of the Western Union here, has been tendered a position in the Atlanta office, but he has declined to accept it, for the present.

We are pleased to learn that Mr. W. S. Wilson, who went West some weeks ago for his health, is getting on fine and expects to return home in about a month.

H. S. Calvert, assistant superintendent of the W. U. T. Co., was in Dothan yesterday.

Salaries Raised

Harrison and Lisenby, two of the city free delivery carriers, have had their salaries raised two hundred dollars each for efficiency of work and length of service. Four clerks in the post-office have also been raised for some reason.

The tearing away of the building on the Nix corner, presents an appearance not seen by many of us before. That is one of the older buildings.

Dr. Russ Cook, of Atlanta, is in the city visiting the family of Mr. J. W. Batchelor.

Dr. C. E. Cranberry, of Gordon was in the city today.

Chas. H. Baughman, of Cedar Springs, Ga., is in the city visit-

Didn't Slip Off.

In speaking of the marriage of Mr. Tedder and Miss Folkes last week, we referred to it as taking place without the knowledge of the parents; but we are informed that there was no parental objection, on either side, and their parents knew of the marriage. We wish them much happiness.

Freight Rates.

The committee from the Commercial Club composed of S. A. Stapleton, C. J. Faulk and E. L. Layfield who went to Montgomery Saturday morning to confer with the traffic managers of the Central and Coast Line Railroads, have returned home. They went seeking a readjustment of the freight rates to Dothan, and report the outlook very promising. The committee will submit its full report of the conference at the regular monthly meeting of the Club Thursday night.

Ringling Bros. Circus is showing this week in North Carolina. They are billed to appear in Atlanta on the 23 inst. The small boy of Dothan will look with expectancy for an amusement of some big show coming to Dothan this fall.

Bankhead Coming.

Senator Bankhead is to be here on Friday week, the 16th, and will speak at the court house at ten o'clock. A more extended notice will be made at a later date through these columns.

Fair Crop.

Dr. J. L. Ellis has a ten-acre lot nearly inside of town, from which he gathered a ton of oats on the acre. Then he let the crap grass have its way, till the right time, and he cut it off, and saved, without a drop of rain, 21 bales of hay to the acre. Saved the oats too, without being bothered with rain while they were curing. All of this feed stuff and the Doctor drives an automobile, which eats nothing but gasoline and cylinder oil, and space in the road. But he still keeps horses, for he has never got to the point where he is willing to risk an automobile in all emergencies.

From Tuesday's Daily.

Fire Last Night.

A six room dwelling house on Newton street near the College building burned down last night about 9 o'clock. The fire department answered the call promptly, but the fire had gained such headway before the department arrived that they could do nothing towards saving any portion of the house.

The building was empty at the time, with the exception that Mr. Bob May used one room as his sleeping quarters. We did not learn whether there was any insurance on the property burned, which was owned, we learn, by Mr. Coon Baker.

I will rent 5 rooms of the house I live in, on Headland Ave.

is absolutely necessary if the prescription is to be effective. We are never too busy to take the time to measure or weigh the ingredients of a prescription to the very dot.

Prescription work admits of no mistakes. If care, skill and experience count for anything in your estimation you will bring your prescriptions here to be filled. Your doctor will tell you the same thing.

Fish Shipment.

A car of 52 barrels of fish, from St. Andrews Bay, passed through Dothan last night for Atlanta. The time of transit is 17 hours. This new market for St. Andrews fish will prove of great benefit to the fish industry of that point.

Bishop Chas. B. Galloway, of the M. E. Church South, had a narrow escape from being seriously hurt, with others, at Jackson, Miss., this week. As it was, he escaped with a skinned elbow. The bishop was on a gallery which gave way under a large crowd that had assembled upon it, to listen to an address which was being delivered by Booker T. Washington, the negro educator.

**Commercial Club Meeting to-
night.**

Owing to the inclement weather, there was no meeting of the Commercial Club last night. The meeting will be held at the city hall tonight at 7:30 o'clock. The election of a new president and other important business, is to be transacted. All members and every interested citizen is urged to come out.

Columbian Woodmen

There will be a meeting at the W. O. W. Lodge room tonight at 8 o'clock, for the purpose of reorganizing household at Dothan, Ala., all old members are requested to attend for we hope to have an enthusiastic meeting, as there is quite a number of new members coming in. A full attendance is requested.

DECEMBER 23RD.

Many of our friends have good naturedly asked if we expected to run this voting contest on forever, and not set a time for it to close. It is perfectly proper for a day to be set, and we have talked with the most interested, and from what they say, December, 23, will come nearer suiting everybody than any date we have discussed. This is two days before Christmas, and we will fix the hour for receiving the last vote, at four o'clock in the afternoon, of Dec. 23, which is on Wednesday.

ANOTHER OFFER

In order to stimulate a little more interest in the subscription line, we will send the daily Eagle to any address, from now till Christmas, for \$1. Just one dollar for nearly three months reading. There are some who haven't taken the paper. Some living out of town who could get on at this rate. Not much doing, ordinarily, but such things that happen in this section, we will say something about them. Then contestants can send in dollars on subscription, and if \$5. is turned in for the paper, 600 votes will be given. If ten dollars is turned in at one time, then we will do better. We will give 1400 votes, which ought to be sufficient to satisfy, and put the contestants out in the field for another roundup. Before this thing ends, we hope to have the paper in all the homes, where the people will stand for it, or us, under any circumstances.

Another Link in the Chain of the Popularity of Our Clothes

If a man comes here seeking value in clothes--we can unlock his pocket-book!
If he comes seeking nobby patterns--we can suit him!
If he demands style--we can satisfy him!
If he requires the ultra--we can deliver the goods!

But the great essential is fit, which includes not only the size of breast, waist and length of inseam, but the proportioning of sleeve, the set of collar, the balancing of the shoulder, etc. Our clothing excels here as in other respects.

Each line reveals the master designer's intimate acquaintance with the physique of man in all its varying proportions; the "hang" of our suits conserves the general appearance, and makes you and your men look at their best.

We have models here for all shapes and sizes, and the prices, as always, worthy of serious consideration.
